Test Execution Priority

P0 – Critical: Must pass before any go-live or demo

P1 – High: Should pass for production readiness

P2 – Medium: Nice-to-have, can be deferred to next sprint

Status Legend

Symbol	Meaning
☐ Pass	Test executed and passed
☐ Fail	Test executed and failed (log defect)
☐ Blocked	Cannot execute (dependency or environment issue)
☐	Not yet executed

Sign-Off Summary

Group	Documents	Status
Members	6 / 6	☐ Not Started
BackOffice	6 / 6	☐ Not Started
Regulation	4 / 4	☐ Not Started

How to Use

1. Assign each document to a tester
2. Tester executes each test case and marks ☐ Pass / ☐ Fail / ☐ Blocked
3. Failed tests logged as defects with TC reference number (e.g. TC-BO-02-008)
4. After all P0 cases pass → collect sign-offs from stakeholders listed per document
5. QA Lead compiles final report
